

EFFICIENCIES

Increase Profit.

Cook Cleaner.

Be Greener.

STOP PAYING FOR...

- **Grease trap service**
- **Drain chemicals**
- **Drain rooting**

PREVENT...

- **Odor**
- **Drain blocks**
- **Sewer overflows**

What is Goslyn?

A stainless steel box that fits under a sink or kitchen counter.

Eliminates the need for conventional grease traps and grease interceptors.

Removes grease from water before it goes down the drain.

Gets water super clean. Captured grease is pure and can be recycled.

Why Goslyn?

Quickly pays for itself...

You stop paying for grease trap service, drain chemicals and drain rooting.

You sell the very pure grease Goslyn captures to make biodiesel.

14.2% discount on your sewer bill (San Francisco only).

Protects your drains. Protects the environment from sewer overflows.

Radically simple™ design is completely gravity-driven & has no moving parts.

By far the simplest, easiest-to-use, lowest maintenance, most reliable GRD.

Also the most durable. The only 5-year warrantee in the industry.
