

GOSLYN™ *World's Most Advanced* GREASE RECOVERY DEVICE (GRD)

- ✓ Goslyn is the world's best grease capture device. Its radically different design is simpler and more effective than anything else. **Simple; easy to use; nothing to break.**
- ✓ **Goslyn is automatic. It is always on, 24 hours a day.** Grease flows continually on its own from top exit valve into holding container.
- ✓ Unlike all other GRDs, Goslyn, **made of solid stainless steel**, has **NO MOVING PARTS** -- no skimmers, pumps, timers, motors, paddles, controls -- or other moving parts to fail. **Nothing to program.** Not even an on-off switch.
- ✓ Eliminates the need for grease trap cleaning service—a huge savings!
- ✓ Captured grease is so pure (99.6%), it can be sold & recycled. Industry standard is 95%.

Just How Efficient & Effective Is It?...

- ✓ **Radically Simple™ No Chance for Mistake...Nothing to Break™**
- ✓ **No moving parts. No motor. No timer. No programming. No switches.**
- ✓ **Stop paying for grease trap pumping and cleaning—no longer needed.**
- ✓ **Stop buying costly dousing chemicals—no longer needed.**
- ✓ **No more clogged lines between restaurant and grease trap.**
- ✓ **No more surcharges for excessive grease discharge.**
- ✓ **Eco-friendly...Grease can be sold & recycled. Happy Chef, Happy City™**
